

NISAYON 7th thru 12th Grade

Attention Jewish Teens!

With our schedules so crazy these days, it can be tough to find the time to relax and connect with like-minded peers. Two Wednesday's per month join up with other teens just like you for dinner and brain-growing in a supportive, engaging environment.

We will cover many topics that you might not be covering in school, such as financial literacy, emotional intelligence, and other life skills — all taught through a Jewish lens.
